

Scenario A

A 16-year-old sends a message to a classmate saying, "If you show up at school tomorrow, you're going to regret it."

Scenario B

A student takes a prescription pill from a friend to help them concentrate during finals.

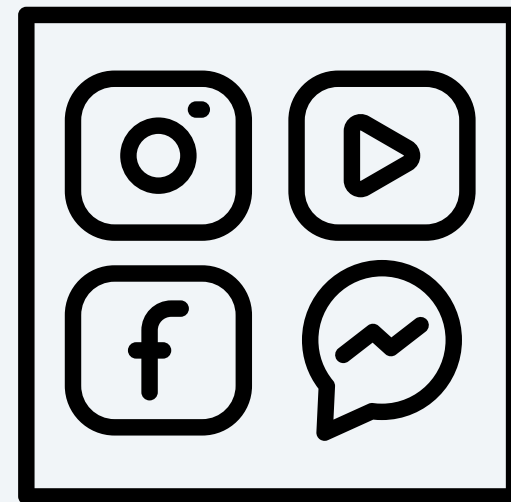

Scenario C

At a sleepover, a 16-year-old brings a vape pen with marijuana oil and shares it with other 16-year-olds.

Scenario D

A teen receives messages on multiple platforms that mock their appearance and voice.

Scenario E

A group smashes pumpkins on doorsteps the night before Halloween.

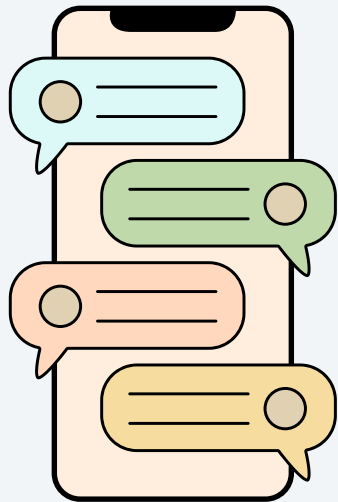

Scenario F

Two teens get into an argument at a party. One pushes the other and a fight breaks out.

Scenario G

A student records their classmate in the locker room and sends it to a group chat.

Scenario H

At a party, a group of friends is drinking alcohol. Everyone is under 21.
