

Electoral College

The **Electoral College**, a chosen group of citizens, makes the final vote for president based on how the people of the state voted. The more people that live in your state, the more votes your state gets. Each state has at least 3 votes.

In the grid below, place the letters V, O, T, and E in the empty boxes. Each 4x4 square, row, and column may not repeat a letter.

V			E
		T	
	E	V	
	V		

How many electoral college votes does Arizona get? _____

Which state has the most electoral college votes? _____
